Multiple Intelligences

Maximize student potential by applying their unique intelligence

Keys to Succeed
éxito · 成功 · succès · النجاح
Intelligence comes in many forms and can always be developed further. Students who know their multiple intelligences and emotional intelligence strengths can leverage that knowledge to perform better in school and select a satisfying education and career path. Professionals can track student progress, view and manage student information, access detailed reporting and find support within Professional Tools.

Multiple Intelligences online assessment is written and normed for students from 13 to 18 years of age and takes only 20 minutes to complete. Easily see the resulting composition of all, or a subset of, students with aggregate reporting and filters. Best of all, it’s affordable, easy to use, requires no special credentials and includes excellent customer support!

- Discover and develop students’ emotional intelligence and nine multiple intelligences with advice from the in-depth, personalized report
- Find the right career fit with intelligences and proprietary Career Matching Technology™
- Easy to read, interactive report includes badges earned as students read and interact with the report
- Receive detailed guidance on how to help students better understand themselves and create actionable plans
- Complete Career Center for exploration and planning
- Access online at any time, from anywhere, using any device
